MAIN AV RACK

COUNCIL DESK RACK

STAFF DESK RACK 1

STAFF DESK RACK 2

Installation Notes:

- Existing AV rack to be reused.
- Existing UPS & surge protectors in rack to be reused.
- Existing Council Chambers projector, projection screen, & displays to be reused.
- Existing E-Scribe recorder to be reused.
- PTZ cameras to replace existing cameras. Install in the same locations.
- Lobby ceiling speakers to replace existing speakers. Install in the same locations.
- Main column array speaker to be mounted on the ceiling above the audience seating area in the council chambers. Speaker to be aligned lengthwise with the ceiling tiles (perpendicular to the edge of the bulkhead) to provide a narrow band of coverage on the chairs below.
- Confirm exact table top speaker & microphone locations with owner before installation.
- Install microphone shock mount at the presenter podium.
- Turn one table stand over to owner for use at the presenter podium as required.
- Wireless mic antennas to be combined in the AV rack. Antennas to be installed in the Council Chambers.
- Blank/vent rack panels to be maximum 3U in height.
- Custom Plates: One plate to be installed on the side of the staff desk, & one plate to be installed on the presenter podium to allow patching as needed between the two desks.
